SMAN 8 Bandung - Bandung, Indonesia

Jun 2018 - Apr 2021

Organisational Experience

BNCC - Bandung, Indonesia

Feb 2023 - Present

Research and Development Staff

Bina Nusantara Computer Club is a computer-based organization at Bina Nusantara University and we are a family of excellent young people who work with passion and professionalism. Established in 1989, BNCC has now entered its 34th year. It has been a long step for us to build a strong foundation and belief to learn and hone ourselves with IT, business, and organizational skills. BNCC trains others in computer and organizational knowledge, has technology products such as software house and online magazine, conducts technology research, and creates a technology community inside and outside the university.

- Back-end web developer
- Training new activist

HIMTI - Bandung, Indonesia

Feb 2022 - Present

Activist

Himpunan Mahasiswa Teknik Informatika Bina Nusantara or what often called HIMTI was first established on September 14, 1992. The origin the HIMTI idea is from former chairman of the Informatics Engineering Department, Mr. Ir. Toto Widyanto, MSc. At that time, HIMTI was led by a general coordinator named Br. Yusuf Setiyono HIMTI itself is a student organization that has a form as an association between School of Computer Science (SOCS) majors.
